The Third International Meeting on Ferroelectricity
Edinburgh, September 10-14, 1973

Sponsors:
International Union of Pure and Applied Physics
International Union of Crystallography
European Physical Society
Royal Society of London
Royal Society of Edinburgh

INTERNATIONAL ADVISORY COMMITTEE

The IUC meeting during the Conference on 11 September 1973, the members present being:
B. Blinowska (Poland), W. Cockburn (UK), J. Dumas (Canada), E. Godeke (France),
C. E. Kiers (India), W. J. Mass (Netherlands), R. C. Miller (USA), H. F. Mayer (Germany),
T. Nakamura (Japan), G. B. Nance (USA), G. A. Simonson (USSR), I. Zhdanov (USSR).

Dr. H. Montgomery also attended as Conference Secretary. It was agreed that Professor Blinowska had succeeded Dr. Mass as a member of the Solid State Commission of URSAP, subject to approval by the authorities of the host country. Professor Nace's invitation to hold IFMF in Limerick in 1977 was welcomed and accepted unanimously.

ORGANIZING COMMITTEE
W. Cockburn (Chairman), H. Montgomery (Secretary), G. E. Povey (Treasurer), R. A. Coles (Program), W. Taylor (Polishman), R. J. Nixon (Accommodation), J. C. Barrow, R. F. Pardee, S. M. Stobart.

PROGRAM COMMITTEE
R. A. Coles (Chairman), T. Kato, N. Mear, E. Pytte.

PUBLICATIONS COMMITTEE

EPILOGUE

If food and drink had no taste, if reality could be detached from subjective feelings, if writers and poets disappeared, if all other art forms faded into insignificance, The existence of a soul would be redundant.

W. C. Smail
11 September 1973

First meeting at the University of Edinburgh of Dr. J. Alan Miller (left) with Prof. William Cocks (center), who chaired the first 30 years of IFMF, and Prof. Roger A. Coles (right). November 1973.

Pages "Honeymoon of the Soul" by J. C. Semmens

Ferroelectrics

An international journal devoted to the fundamentals, practical applications and advances in the field of ferroelectrics

PROCEEDINGS OF THE THIRD INTERNATIONAL MEETING ON FERROELECTRICITY
Edinburgh, Scotland, September 1973

Published by

The FERROELECTRICS Society

IAFMEF

International Advisory Committee

Organizers:

J. C. Barrow, R. A. Coles, S. M. Stobart, G. W. Taylor

Program Committee:

R. A. Coles (Chairman), T. Kato, N. Mear, E. Pytte

Publications Committee:

ABSTRACTS

SESSION A: Molecular Physics

SESSION B: Applications

SESSION C: Materials Science

SESSION D: Crystallography

SESSION E: Theoretical Problems

SESSION F: Electro-Optics

SESSION G: Surface Phenomena

SESSION H: Piezoelectricity

SESSION I: Non-linear Phenomena

SESSION J: Ferroelectric Materials

SESSION K: Ferroelectric Polymers

SESSION L: Ferroelectric Thin Films

SESSION M: Ferroelectric Ceramics

SESSION N: Ferroelectric Glasses

SESSION O: Ferroelectric Single Crystals

SESSION P: Ferroelectric Domains

SESSION Q: Ferroelectric Domain Walls

SESSION R: Ferroelectric Materials Synthesis

SESSION S: Ferroelectric Materials Processing

SESSION T: Ferroelectric Materials Characterization

SESSION U: Ferroelectric Materials Testing

SESSION V: Ferroelectric Materials Applications

SESSION W: Ferroelectric Materials in Medicine

SESSION X: Ferroelectric Materials in Electronics

SESSION Y: Ferroelectric Materials in Optics

SESSION Z: Ferroelectric Materials in Energy

Third International Meeting on Ferroelectricity
